- 210446: Saad Shah
- 210450: Adnan Shaikh
- 210451: Abdurrahman Qureshi

Under the guidance of: Prof. Yahya Ansari

MAHARASHTRA STATE BOARD OF TECHNICAL EDUCATION

Certificate

This is to certify that Mr. Hassan Shaikh Roll no. 210429 of sixth semester of Diploma in Computer Engineering of institute M.H. Saboo Siddik Polytechnic(code: 0002) has completed microproject satisfactorily in the subject: MAN (22509) for the academic year 2023-24 as prescribed in the curriculum.

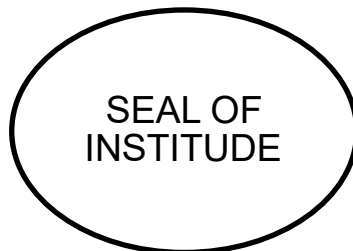

Place: Byculla, Mumbai
Date: _____

Enrolment no: 2100020131
Exam seat no:

INSTITUTE

ACKNOWLEDGMENT

We wish to express our profound gratitude to our guide Prof. Yahya Ansari who guided us endlessly in the framing and completion of the micro project. He guided us on all the main points in that micro project. We are indebted to his constant encouragement, cooperation, and help. It was his enthusiastic support that helped us in overcoming various obstacles in the micro-project.

We are also thankful to our Principal, HOD, faculty members and classmates of Computer Engineering department for extending their support and motivation in the completion of this micro-project.

Names of Team Members with Roll Nos.

1. 210429: Hassan Shaikh
2. 210446: Saad Shah
3. 210450: Adnan Shaikh
4. 210451: Abdurrahman Qureshi

Annexure-I

Microproject proposal

Title of microproject: Mismanagement of people's Money by the Indian Govt

I. Aims/Benefits of microproject

The purpose of this micro project is to see the mismanagement of people's money by the Indian Government requires a structured approach. It involves gathering evidence, analyzing policies and their impacts, and drawing conclusions based on facts. For this project, it's crucial to focus on specific instances or areas where mismanagement has been evident, analyze the government's approach, and evaluate its effects on the economy and citizens. Here's a general outline on how to structure such a report:.

II. Course outcomes addressed

- 1 Use basic management principles to execute daily activities.
2. Use principles of planning and organising for accomplishment of tasks.
3. Use principles of directing and controlling for accomplishment of tasks.
4. Apply principles of safety management in all activities.
5. Understand various provisions of industrial acts.

III. Proposed methodology

- a. Discussion of the given topic among group members.
- b. Literature survey
- c. Submission of project proposal
- d. Analysis of data
- e. Work divided among group members
- f. Compilation of content
- g. Representation
- h. Editing the content as per the instructions
- i. Report Preparation
- j. Viva and presentation

Annexure-I

IV. Action Plan

Weeks	Details of activity	Planned start date	Planned finish date	Name of responsible team members
1 & 2	Discussions & finalization of topics			ALL
3	Preparation of abstract			SAAD , ADNAN
4	Literature review			SAAD , HASSAN
5	Submission of microproject proposal(Annexure -I)			ABDURRAHMAN , ADNAN
6	Collection of information on given topic			ABDURRAHMAN , HASSAN
7	Collection of all relevant contents			HASSAN , ADNAN
8	Discussion and submission of outline of the project			ALL
9	Analysis/execution of collected data/information and Preparation of prototypes/drawings/charts/graphs/tables/models/circuits/programs etc.			SAAD ABDURRAHMAN
10	Compilation of contents of project			ADNAN
11	Compilation of weekly progress report			SAAD
12	Preparation of the project report (Annexure II)			SAAD , HASSAN
13	Viva Voce / Delivery of presentation.			ALL

V. Resources required

Sr. no.	Name of resources	Specifications	Qty	Remarks
1.	Desktop	Microsoft word	1 for each

Microproject Report

Title of Micro-project: Missmanagment of people's Money by the Indian Govt

Rationale

The objective of this project is to study of missmanagement micro project report focusing on the mismanagement of people's money by the Indian Government, it's essential to provide a rational and analytical perspective. This involves not just highlighting instances of mismanagement but also understanding the rationale behind certain government actions, the systemic issues that lead to mismanagement, and proposing rational solutions to improve governance and financial management. Here's how you can structure such a report:

I. Aims/Benefits of microproject

The purpose of this micro project is to see the mismanagement of people's money by the Indian Government requires a structured approach. It involves gathering evidence, analyzing policies and their impacts, and drawing conclusions based on facts. For this project, it's crucial to focus on specific instances or areas where mismanagement has been evident, analyze the government's approach, and evaluate its effects on the economy and citizens. Here's a general outline on how to structure such a report:.

II. Course outcomes achieved

- 1 Use basic management principles to execute daily activities.
2. Use principles of planning and organising for accomplishment of tasks.
3. Use principles of directing and controlling for accomplishment of tasks.
4. Understand various provisions of industrial acts.

III. Literature review

literature review for a micro project report on the mismanagement of people's money by the Indian Government requires a comprehensive examination of existing research, articles, case studies, and official reports. This review will highlight what scholars, experts, and institutions have said about instances of financial mismanagement, its causes, consequences, and the suggested remedies. Here's how you might structure such a review:

IV. Actual Methodology Followed

For a micro project report focusing on the mismanagement of people's money by the Indian Government, the methodology section is crucial as it outlines the steps, techniques, and processes you will use to collect, analyze, and interpret data. This section must provide enough detail to allow readers to evaluate the appropriateness of your methods and the reliability and validity of your findings. Below is a structured approach to drafting the methodology section for such a report:.

V. Actual resources used

Sr. no.	Name of resources	Specifications	Qty	Remarks
1.	Software	Microsoft Word	1 for each	

VI. Outputs of the microproject.

mismanagement of people's money by the Indian Government culminates in the presentation of outputs, which typically include findings, conclusions, and recommendations. The output section synthesizes the data collected and analyzed, providing insights into the scope and impact of mismanagement, and suggests pathways for reform and improvement. Below is a structured approach for presenting the outputs of such a report:

VIII. Skills developed/ Learning outcomes

- Strategic Decision-Making:** The ability to make informed choices that align with organizational goals and maximize outcomes within the constraints of a small-scale industry's resources and market conditions.
 - Resource Optimization:** Efficiently managing available resources such as finances, manpower, and infrastructure to maximize productivity and minimize costs while ensuring sustainability and growth.
 - Adaptability and Flexibility:** Being responsive to changing circumstances and quickly adjusting strategies and operations to suit evolving market dynamics and internal challenges within a small-scale industry.
 - Effective Communication:** Establishing clear channels of communication within the organization and with external stakeholders to facilitate coordination, collaboration, and the exchange of information essential for decision-making and problem-solving.
 - Leadership Skills:** The ability to inspire, motivate, and guide teams toward achieving common objectives while fostering a positive work environment and promoting innovation within the context of a small-scale industry.
 - Risk Management:** Identifying, assessing, and mitigating potential risks and uncertainties inherent in operating a small-scale industry to safeguard against adverse impacts on business operations and ensure long-term sustainability.
- ### IX. Applications of this microproject

1. Planning Function

- For Designing Conversion System
- For scheduling conversion system

2. Controlling Function

- Quantity
- Quality
- Time
- Inventory

3. Organizing Function

- Structuring of Operation Staking
- Job & Work Design.
- For Production & Operation Standard.
- For Payment system.
- Time
- Inventory
- Cost
- Maintenance

Micro Project Evaluation Sheet

Name of student: Shaikh Hassan

Enrollment no: 2100020131

Name of programme: Computer Engineering

Semester: 6th

Course title: MANAGMENT

Code: 22509

Title of microproject: Mismanagement of people's Money by the Indian Govt

Course outcomes achieved:

- Use principles of planning and organising for accomplishment of tasks.
- Apply principles of safety management in all activities.
- Understand various provisions of industrial acts.

Sr. No.	Characteristics to be assessed	Poor (Marks 1 - 3)	Average (Marks 4 - 5)	Good (Marks 6 - 8)	Excellent (Marks 9- 10)	Sub Total
(A) Process and Product Assessment (Convert above total marks out of 6 Marks)						
1	Relevance to the course					
2	Literature Review/information collection					
3	Completion of the Target as per project proposal					
4	Analysis of Data and representation					
5	Quality of Prototype/Model					
6	Report Preparation					
(B) Individual Presentation/ Viva (Convert above total marks out of 4 Marks)						
7	Presentation					
8	Viva					

(A) Process and Product Assessment (6 marks)	(B) Individual Presentation & viva (4 marks)	Total Marks 10

Comments/Suggestions about teamwork/leadership/interpersonal communication
